

## 75%

Match Score

### Good match!

Your resume matches 12/15 key requirements.

---

#### General

Quantify achievements: Instead of 'Finalist in hackathons,' specify the hackathon names and your contributions. Instead of '180+ LeetCode problems,' mention a specific competitive programming ranking or percentile.

---

#### General

Prioritize projects: Reorder projects to showcase the most relevant ones first, highlighting skills aligned with app development, like Flutter and Android.
